As the Principal of the school, I consider myself fortunate to be a part of an educational institution where every contributor is a learner and every day is an opportunity to discover, create and innovate. We look at ourselves as a coterie of learners, where everyone learns including our staff, students and parents. As we attain new milestones and undergo beautiful beginnings, we feel proud to state that St. Joseph’s School provides a conducive and vibrant environment for holistic development and progress.

Being committed to growth and seeing how it makes the world better is one of the greatest joys in life. The past year was a year of achievements and victories, of facing new challenges and reaching greater heights. Our curriculum and practices are continually gauged to corroborate the most updated and best practices which address the future needs of our students. It is our responsibility to pass on the legacy of education to our future generations where it sets children to grow personally, professionally and socially. It can awaken joy, curiosity a deep desire to solve problems and to be self-responsible individuals. We at St. Joseph’s School, Manavalakurichi believe in inspiring and paving the way for our students to develop their inbred qualities as academic succeeders, liberal thinkers and potent communicators making them independent global citizens.

*“With the exemplar of dynamic education, let’s take the crescent of history in our hands and build a better and safer tomorrow in new-fangled ways”.*

In this pursuit of excellence, I appreciate our generous forum of guardians for supporting the school in every aspect. I also laud the relentless efforts of our teachers who consistently strive to bring out the best in each child.

On the whole, SJS Manavalakurichi truly believes that, “Great things are done by a series of small things brought together.” On this note, I would like to appreciate every member who has contributed towards the growth and glory of this institution and wish all the very best for the upcoming endeavors.

*“Work hard until the lamp light of your study table becomes the spotlight of the stage.”*
